

Ok- thanks Janet! Do you have a case number for the ejectment proceedings? That's one way I can track down the parties.

I forgot! We did receive paperwork from the guardian showing that they have an upcoming court date to go through "ejectment" proceedings on the occupant of the Sesko property. They then intend to put up temporary fencing to keep anyone from accessing the site.

Hey Janet and Roger,

Just checking regarding the Sesko property. Did anyone get back to the city on this?

Thanks,  
Josh
